
Maths Quest

“Our students enjoyed the Maths Quest programme. They were engaged in the activities and had a lot of fun learning Mathematics beyond the classroom. The facilitators were always ready to help the students. The iPad sessions were also an advantage because students had a different experience learning Mathematics. A job well done Maths Quest!”

Ms. S. Jacintha, Maths Quest TIC 2011, Admiralty Primary School

“Here is my testimonial for the Math Quest:

The trainers were patient and helpful. They made the trail fun for the students, at the same time ensuring that the students were on task.”

Ms. See Soo Shin, Maths Quest TIC 2011, Yuying Sec Sch

“These are my thoughts and comments on the whole programme.

The Maths Trail was an enjoyable learning journey in which the students learnt to apply the Maths concepts that were taught in class. It was well-run and the trainers were excellent in providing support, guidance and information to the students throughout the whole thing. Overall, it was an enriching experience.

Thanks and best regards”

Mr. Shahrom, Maths Quest TIC 2011, Holy Innocents’ High School
